However, not all forward-looking statements contain these identifying words. These forward-looking statements reflect our current views about future events and involve known risks, uncertainties, and other factors that may cause our actual results, levels of activity, performance, or achievement to be materially different from those expressed or implied by the forward-looking statements. Factors that could cause or contribute to such differences include, but are not limited to, those discussed in the section titled “Risk Factors” included in this Quarterly Report on Form 10-Q, our Annual Report on Form 10-K for the fiscal year ended December 28, 2014, and our other filings with the Securities and Exchange Commission. Furthermore, such forward-looking statements speak only as of the date of this report. Except as required by law, we undertake no obligation to update any forward-looking statements to reflect events or circumstances after the date of such statements.

As used in this Quarterly Report on Form 10-Q, unless the context otherwise requires, references to the “Company,” “Sprouts,” “we,” “us” and “our” refer to Sprouts Farmers Market, Inc. and, where appropriate, its subsidiaries.

SPROUTS FARMERS MARKET, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)

1. Basis of Presentation

Sprouts Farmers Market, Inc., a Delaware corporation, through its subsidiaries, operates as a healthy grocery store that offers fresh, natural and organic food that includes fresh produce, bulk foods, vitamins and supplements, grocery, meat and seafood, bakery, dairy, frozen foods, body care and natural household items catering to consumers' growing interest in eating and living healthier. The "Company" is used to refer collectively to Sprouts Farmers Market, Inc. and unless the context otherwise requires, its subsidiaries.

The accompanying unaudited consolidated financial statements include the accounts of the Company in accordance with accounting principles generally accepted in the United States of America ("GAAP") for interim financial statements and are in the form prescribed by the Securities and Exchange Commission in instructions to Form 10-Q and Rule 10-01 of Regulation S-X. In the opinion of management, the accompanying consolidated financial statements reflect all adjustments, consisting of normal recurring adjustments, considered necessary for a fair statement of the Company's financial position, results of operations and cash flows for the periods indicated. All material intercompany accounts and transactions have been eliminated in consolidation. Interim results are not necessarily indicative of results for any other interim period or for a full fiscal year. The information included in these consolidated financial statements and notes thereto should be read in conjunction with Management's Discussion and Analysis of Financial Condition and Results of Operations included herein and Management's Discussion and Analysis of Financial Condition and Results of Operations and the consolidated financial statements and notes thereto for the fiscal year ended December 28, 2014 included in the Company's Annual Report on Form 10-K, filed on February 26, 2015.

The year-end balance sheet data was derived from audited financial statements, but does not include all disclosures required by GAAP.

The Company reports its results of operations on a 52- or 53-week fiscal calendar ending on the Sunday closest to December 31. Fiscal year 2015 is a 53-week year, and Fiscal year 2014 was a 52-week year. The Company reports its results of operations on a 13-week quarter, except for 53-week fiscal years. The fourth quarter of fiscal 2015 will include 14 weeks.

The Company has one reportable and one operating segment.

The Company's business is subject to modest seasonality. Average weekly sales fluctuate throughout the year and are typically highest in the first half of the fiscal year. Produce, which contributed 25% of the Company's net sales for the thirty-nine weeks ended September 27, 2015, is generally more available in the first six months of the fiscal year due to the timing of peak growing seasons.

During thirteen weeks ended June 28, 2015, the Company obtained sufficient historical redemption data for its gift card program to make a reasonable estimate of the ultimate redemption patterns and breakage rate. Accordingly, the Company recognized \$0.1 million and \$0.8 million of gift card breakage as a component of net sales in the accompanying Consolidated Statements of Operations for the thirteen and thirty-nine weeks ended September 27, 2015, respectively.

During the thirteen weeks ended September 27, 2015, the Company changed its store inventory count procedure and no longer counted each store at the end of the quarter. Previously the Company had counted inventory at each store at or near the balance sheet date and therefore recorded no estimate for shrink. The Company now counts store inventories on a rotational basis throughout the quarter. The change in timing necessitates making an estimate for shrink between the count date for each store and the reporting date. Accordingly, the inventory balance in the accompanying Consolidated Balance Sheets includes a \$3.8 million inventory shrink reserve as of September 27, 2015.

All dollar amounts are in thousands, unless otherwise noted.

2. Recently Issued Accounting Pronouncements

In April 2014, the Financial Accounting Standards Board (the "FASB") issued Accounting Standards Update ("ASU") No. 2014-08, "Presentation of Financial Statements (Topic 205) and Property, Plant and Equipment (Topic 360): Reporting Discontinued Operations and Disclosures of Disposals of Components of an Entity." ASU No. 2014-08 amends previous guidance related to the criteria for reporting a disposal as a discontinued operation by elevating the threshold for qualification for discontinued operations treatment to a disposal that represents a strategic shift that has a major effect on an organization's operations or financial results. This guidance also requires expanded disclosures for transactions that qualify as a discontinued operation and requires disclosure of individually significant components that are disposed of or held for sale but do not qualify for discontinued operations reporting. This guidance is effective prospectively for all disposals or components initially classified as held for sale in periods beginning on or after December 15, 2014, with early adoption permitted. The Company's adoption of this guidance did not have a material effect on its consolidated financial statements.

In May 2014, the FASB issued ASU No. 2014-09, "Revenue from Contracts with Customers." ASU No. 2014-09 provides guidance for revenue recognition. The standard's core principle is that a company will recognize revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods or services. In doing so, companies will need to use more judgment and make more estimates than under current guidance. These may include identifying performance obligations in the contract, and estimating the amount of variable consideration to include in the transaction price attributable to each separate performance obligation. This guidance will be effective for the Company for its fiscal year 2017. The FASB recently deferred the effective date of this guidance by one year, with early adoption permitted. The Company is currently evaluating the potential impact of this guidance.

In August 2014, the FASB issued ASU No. 2014-15, "Disclosure of Uncertainties about an Entity's Ability to Continue as a Going Concern." ASU No. 2014-15 requires management to evaluate whether there is substantial doubt about an entity's ability to continue as a going concern and to provide related footnote disclosures in certain circumstances. This guidance will be effective for the Company for its fiscal year 2017, with early adoption permitted. The Company does not expect the adoption of this guidance to have a material effect on its consolidated financial statements.

In April 2015, the FASB issued ASU No. 2015-03, "Simplifying the Presentation of Debt Issuance Costs." ASU No. 2015-03 requires an entity to present debt issuance costs in the balance sheet as a direct deduction from the related debt liability rather than as an asset. Amortization of the costs will continue to be reported as interest expense. This guidance will be effective for the Company for its fiscal year 2017. Early adoption is permitted. The new guidance will be applied retrospectively to each prior period presented. The Company is currently evaluating the potential impact of this guidance.

In April 2015, the FASB issued ASU No. 2015-05, "Customer's Accounting for Fees Paid in a Cloud Computing Arrangement." ASU No. 2015-05 provides guidance to customers about whether a cloud computing arrangement includes a software license. If a cloud computing arrangement includes a software license, the customer should account for the software license element of the arrangement consistent with the acquisition of other software licenses. If the arrangement does not include a software license, the customer should account for a cloud computing arrangement as a service contract. This guidance will be effective for the Company for its fiscal year 2016. Early adoption is permitted. The amendment may be adopted either prospectively to all arrangements entered into or materially modified after the effective date or retrospectively. The Company is currently evaluating the potential impact of this guidance.

In July 2015, the FASB issued ASU No. 2015-11, "Simplifying the Measurement of Inventory." ASU No. 2015-11 changes the measurement principle for inventory from the lower of cost or market to lower of cost and net realizable value. Net realizable value is defined as the estimated selling prices in the ordinary course of business; less reasonably predictable costs of completion, disposal and transportation. This guidance will be effective for the Company for its fiscal year 2017. The Company is currently evaluating the potential impact of this guidance.

SPROUTS FARMERS MARKET, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)

In September 2015, the FASB issued ASU No. 2015-16, "Business Combinations: Simplifying the Accounting For Measurement Period Adjustments." ASU No. 2015-16 requires that an acquirer recognize adjustments to provisional amounts that are identified during the measurement period in the reporting period in which the adjustment amounts are determined. This guidance will be effective for the Company for its fiscal year 2016. The Company does not expect the adoption of this guidance to have a material effect on its consolidated financial statements.

No other new accounting pronouncements issued or effective during the period had, or are expected to have, a material impact on the Company's consolidated financial statements.

3. Fair Value Measurements

The Company records its financial assets and liabilities in accordance with the framework for measuring fair value in accordance with GAAP. This framework establishes a fair value hierarchy that prioritizes the inputs used to measure fair value:

Level 1: Quoted prices for identical instruments in active markets.

Level 2: Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs and significant value drivers are observable in active markets.

Level 3: Valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable.

Fair value measurements of nonfinancial assets and nonfinancial liabilities are primarily used in the impairment analysis of goodwill, indefinite-lived intangible assets and long-lived assets and in the valuation of store closure and exit costs.

The determination of fair values of certain tangible and intangible assets for purposes of the Company's goodwill impairment evaluation as described above was based upon a step zero assessment. Closed facility reserves are recorded at net present value to approximate fair value which is classified as Level 3 in the hierarchy. The estimated fair value of the closed facility reserve is calculated based on the present value of the remaining lease payments and other charges using a weighted average cost of capital, reduced by estimated sublease rentals. The weighted average cost of capital was estimated using information from comparable companies and management's judgment related to the risk associated with the operations of the stores.

Cash and cash equivalents, accounts receivable, prepaid expenses and other current assets, accounts payable, accrued salaries and benefits and other accrued liabilities approximate fair value because of the short maturity of those instruments. Based on open market transactions comparable to the Credit Facility (as defined in Note 6, "Long-Term Debt"), the fair value of the long-term debt, including current maturities, approximates carrying value as of September 27, 2015. Based on open market transactions comparable to the Former Term Loan (as defined in Note 6, "Long-Term Debt"), the fair value of the long-term debt, approximates carrying value as of December 28, 2014. The Company's estimates of the fair value of long-term debt (including current maturities) were classified as Level 2 in the fair value hierarchy.

Senior Secured Revolving Credit Facility

April 2015 Refinancing

On April 17, 2015, the Company's subsidiary, Sprouts Farmers Markets Holdings, LLC ("Intermediate Holdings"), as borrower, entered into a credit agreement (the "Credit Agreement") to replace the Former Revolving Credit Facility and Former Term Loan (each as defined below). The Credit

Agreement provides for a revolving credit facility with an initial aggregate commitment of \$450.0 million (the "Credit Facility"), which may be increased from time to time pursuant to an expansion feature set forth in the Credit Agreement.

Concurrently with the closing of the Credit Agreement, the Company borrowed \$260.0 million to pay off its existing \$257.8 million Former Term Loan (the "April 2015 Refinancing"), and to terminate all commitments under its existing senior secured credit facility, dated April 23, 2013 (the "Former Credit Facility") and to pay transaction costs related to the April 2015 Refinancing. Such repayment resulted in a \$5.5 million loss on extinguishment of debt due to the write-off of deferred financing costs and original issue discount. No amounts were outstanding under the Former Revolving Credit Facility on April 17, 2015. The remaining proceeds of loans made under the Credit Facility were used for general corporate purposes.

The Company capitalized debt issuance costs of \$2.3 million related to the Credit Facility, which are being amortized on a straight-line basis to interest expense over the five-year term of the Credit Facility.

The Credit Agreement also provides for a letter of credit subfacility and a \$15.0 million swingline facility. Letters of credit issued under the Credit Agreement reduce the borrowing capacity of the Credit Facility. Letters of credit totaling \$2.5 million have been issued as of September 27, 2015, primarily to support the Company's insurance programs.

Guarantees

Obligations under the Credit Facility are guaranteed by the Company and all of its current and future wholly-owned material domestic subsidiaries, and are secured by first-priority security interests in substantially all of the assets of the Company and its subsidiary guarantors, including, without limitation, a pledge by the Company of its equity interest in Intermediate Holdings.

Interest and Fees

Loans under the Credit Facility bear interest, at the Company's option, either at adjusted LIBOR plus 1.25% per annum, or a base rate plus 0.25% per annum. The interest rate margins are subject to adjustment pursuant to a pricing grid based on the Company's total gross leverage ratio, as defined in the Credit Agreement. Under the terms of the Credit Agreement, the Company is obligated to pay a commitment fee on the available unused amount of the Credit Facility commitments equal to 0.15% per annum.

Outstanding letters of credit under the Credit Facility are subject to a participation fee of 1.25% per annum and an issuance fee of 0.125% per annum.

Payments and Prepayments

The Credit Facility is scheduled to mature, and the commitments thereunder will terminate on April 17, 2020, subject to extensions as set forth in the Credit Agreement.

The Company may repay loans and reduce commitments under the Credit Agreement at any time in agreed-upon minimum principal amounts, without premium or penalty (except LIBOR breakage costs, if applicable).

Following the closing of the Credit Facility and the initial borrowing of \$260.0 million, the Company made a total of \$100.0 million of principal payments on the Credit Facility, which reduced the Company's total outstanding debt to \$160.0 million at September 27, 2015.

Covenants

The Credit Agreement contains financial, affirmative and negative covenants. The negative covenants include, among other things, limitations on the Company's ability to:

- incur additional indebtedness;
- grant additional liens;
- enter into sale-leaseback transactions;
- make loans or investments;
- merge, consolidate or enter into acquisitions;
- pay dividends or distributions;
- enter into transactions with affiliates;
- enter into new lines of business;
- modify the terms of debt or other material agreements; and
- change its fiscal year

Each of these covenants is subject to customary and other agreed-upon exceptions.

In addition, the Credit Agreement requires that the Company and its subsidiaries maintain a maximum total net leverage ratio not to exceed 3.00 to 1.00 and minimum interest coverage ratio not to be less than 1.75 to 1.00. Each of these covenants is tested on the last day of each fiscal quarter, starting with the fiscal quarter ended June 28, 2015.

The Company was in compliance with all applicable covenants under the Credit Agreement as of September 27, 2015.

Former Credit Facility

On April 23, 2013, Intermediate Holdings, as borrower, refinanced (the "April 2013 Refinancing") its prior revolving credit facility and prior term loan, by entering into the Former Credit Facility. The Former Credit Facility provided for a \$700.0 million term loan (the "Former Term Loan") and a \$60.0 million senior secured revolving credit facility (the "Former Revolving Credit Facility").

The Former Term Loan, with a maturity date in April 2020, required quarterly principal payments, in an aggregate amount equal to 1.00% of the original principal balance, with the balance due on the final maturity date.

All amounts outstanding under the Former Term Loan bore interest, at the Company's option, at a rate per annum equal to LIBOR (with a 1.00% floor with respect to Eurodollar borrowings under the Term Loan), adjusted for statutory reserves, plus a margin equal to 3.00%, or an alternate base rate, plus a margin equal to 2.00%, as set forth in the Former Credit Facility.

The Former Credit Facility included the \$60.0 million Former Revolving Credit Facility with a maturity date in April 2018. The Former Revolving Credit Facility included letter of credit and \$5.0 million swingline loan subfacilities. Letters of credit issued under the Former Revolving Credit Facility reduced the borrowing capacity on the Former Credit Facility.

Interest terms on the Former Revolving Credit Facility were the same as the Former Term Loan.

The Company capitalized debt issuance costs of \$1.1 million related to the Former Revolving Credit Facility, which were being amortized to interest expense over the term of the Former Revolving Credit Facility.

The Company's effective tax rate for the thirteen weeks ended September 27, 2015 and September 28, 2014 was 37.1% and 38.9%, respectively. The Company's effective tax rate for the thirty-nine weeks ended September 27, 2015 and September 28, 2014 was 37.8% and 38.9%, respectively. The primary reasons for the decrease in the effective tax rate were an increase in the enhanced deduction for charitable donations of food inventory and a decrease in the effective state income tax rate.

Excess tax benefits associated with stock option exercises and vested restricted stock units are credited to stockholders' equity. The Company uses the tax law ordering approach of intraperiod allocation to allocate the benefit of windfall tax benefits based on provisions in the tax law that identify the sequence in which those amounts are utilized for tax purposes. The income tax benefits resulting from stock awards that were credited to stockholders' equity were \$19.6 million for the thirty-nine weeks ended September 27, 2015, which included \$0.1 million of income tax benefits related to stock award activity prior to 2015. The excess tax benefits are not credited to stockholders' equity until the deduction reduces income taxes payable.

The computation of net income per share is based on the number of weighted average shares outstanding during the period. The computation of diluted net income per share includes the dilutive effect of share equivalents consisting of incremental shares deemed outstanding from the assumed exercise of options, assumed vesting of restricted stock units ("RSUs") and assumed vesting of performance stock awards ("PSAs").

A reconciliation of the numerators and denominators of the basic and diluted net income per share calculations is as follows (in thousands, except per share amounts):

For the thirteen weeks ended September 27, 2015, the computation of diluted net income per share does not include 2.9 million options as those options would have been antidilutive or were unvested performance-based options and 0.1 million RSUs as those RSUs would have been antidilutive, and 0.1 million for PSAs. For the thirteen weeks ended September 28, 2014, the computation of diluted net income per share does not include 1.0 million options, as those options would have been antidilutive or were unvested performance-based options.

13. Equity-Based Compensation

2013 Incentive Plan

The Company's board of directors adopted, and its equity holders approved, the Sprouts Farmers Market, Inc. 2013 Incentive Plan (the "2013 Incentive Plan"). The 2013 Incentive Plan became effective July 31, 2013 in connection with the Company's initial public offering (IPO) and replaced the Sprouts Farmers Markets, LLC Option Plan (the "2011 Option Plan") (except with respect to outstanding options to acquire shares under the 2011 Option Plan). The 2013 Incentive Plan and 2011 Option Plan are collectively referred to as the "Option Plans". The 2013 Incentive Plan serves as the umbrella plan for the Company's stock-based and cash-based incentive compensation programs for its directors, officers and other team members. On May 1, 2015, the Company's stockholders approved the material terms of the performance goals under the 2013 Incentive Plan for purposes of Section 162(m) of the Internal Revenue Code.

On March 11, 2015, under the 2013 Incentive Plan, the Company granted to certain officers and team members time-based options to purchase an aggregate of 277,833 shares of common stock at an exercise price of \$34.33 per share, with a grant date fair value of \$9.42 per share. On May 21, 2015, under the 2013 Incentive Plan, the Company granted to independent members of its board of directors time-based options to purchase an aggregate of 14,492 shares of common stock at an exercise price of \$30.30 per share, with a grant date fair value of \$8.28 per share. The Company also granted to the independent directors an aggregate of 3,896 RSUs, each with a grant date fair value of \$30.30.

On August 11, 2015, under the 2013 Incentive Plan, the Company granted to certain officers, an independent member of its board of directors, and certain team members time-based options to purchase an aggregate of 2,138,899 shares of common stock at an exercise price of \$20.98 per share, with a grant date fair value of \$5.79 per share. The Company also granted an aggregate of 5,660 RSUs, each with a grant date fair value of \$20.98 to an independent member of its board of directors and certain team members.

The aggregate number of shares of common stock that may be issued to team members and directors under the 2013 Incentive Plan may not exceed 10,089,072. Shares subject to awards granted under the 2013 Incentive Plan which are subsequently forfeited, expire unexercised or are otherwise not issued will not be treated as having been issued for purposes of the share limitation. At September 27, 2015, there were 3,046,737 options outstanding under the 2013 Incentive Plan.

2011 Option Plan

In May 2011, the Company adopted the 2011 Option Plan to provide team members or directors of the Company with options to acquire shares of the Company. The Company had authorized 12,100,000

shares for issuance under the 2011 Option Plan. Options may no longer be issued under the 2011 Option Plan. At September 27, 2015, there were 4,410,452 options outstanding under the 2011 Option Plan.

Options

The Company uses the Black-Scholes option pricing model to estimate the fair value of options at grant date. Options vest in accordance with the terms set forth in the grant letter and vary depending on if they are time-based or performance-based.

Time-based options generally vest ratably over a period of 12 quarters (three years) and performance-based options vest over a period of three years based on financial performance targets set for each year.

RSUs

The fair value of RSUs is based on the closing price of the Company's common stock on the grant date. RSUs generally vest annually over a period of two or three years from the grant date.

PSAs

PSAs are restricted shares or RSUs that are subject to the Company achieving certain earnings per share performance targets, as well as additional time-vesting conditions. The fair value of PSAs is based on the closing price of the Company's common stock on the grant date. The performance conditions must be met, or the PSAs are cancelled. If the performance conditions are met, the PSAs vest 50 percent at each of the second and third anniversary of the grant date.

Equity-based Compensation Expense

Equity-based compensation expense was reflected in the consolidated statements of operations as follows:

	<u>Thirteen Weeks Ended</u>		<u>Thirty-nine Weeks Ended</u>

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

You should read the following discussion of our financial condition and results of operations in conjunction with the consolidated financial statements and the notes thereto included elsewhere in this Quarterly Report on Form 10-Q and with our audited consolidated financial statements included in our Annual Report on Form 10-K filed February 26, 2015 with the Securities and Exchange Commission. All dollar amounts included below are in thousands, unless otherwise noted.

Business Overview

Sprouts Farmers Market, Inc. operates as a healthy grocery store that offers fresh, natural and organic food that includes fresh produce, bulk foods, vitamins and supplements, grocery, meat and seafood, bakery, dairy, frozen foods, body care and natural household items catering to consumers' growing interest in eating and living healthier. Since our founding in 2002, we have grown rapidly, significantly increasing our sales, store count and profitability. With 216 stores in thirteen states as of September 27, 2015, we are one of the largest specialty retailers of natural and organic food in the United States.

The cornerstones of our business are fresh, natural and organic products at compelling prices (which we refer to as "Healthy Living for Less"), an attractive and differentiated shopping experience, and knowledgeable team members who we believe provide best-in-class customer service and product education.

Healthy Living for Less. We offer high-quality, fresh, natural and organic products at attractive prices in every department. Consistent with our farmers market heritage, our offering begins with fresh produce, which we source, warehouse and distribute in-house and sell at prices we believe to be significantly below those of other food retailers. In addition, our scale, operating structure and deep industry relationships position us to consistently deliver "Healthy Living for Less" throughout the store. Based on our experience, we believe we attract a broad customer base, including conventional supermarket customers, and appeal to a much wider demographic than other specialty retailers of natural and organic food. We believe that over time, our compelling prices and product offering convert many "trial" customers into loyal "lifestyle" customers who shop Sprouts with greater frequency and across an increasing number of departments.

Attractive, Differentiated Shopping Experience. In a convenient, small-box format (average store size of 28,000 to 30,000 sq. ft.), our stores have a farmers market feel, with a bright open-air atmosphere to create a comfortable and engaging in-store experience. We strive to be our customers' everyday healthy grocery store. We feature fresh produce and bulk foods at the center of the store surrounded by a complete grocery offering, including vitamins and supplements, grocery, meat and seafood, bakery, dairy, frozen foods, beer and wine, body care and natural household items. Consistent with our fresh, natural and organic offering, we choose not to carry most of the traditional, national branded consumer packaged goods generally found at conventional grocery retailers (e.g., Doritos, Tide and Lucky Charms). Instead, we offer high-quality, healthier alternatives that emphasize our focus on fresh, natural and organic products at great values.

Customer Service and Education. We are dedicated to our mission of "Healthy Living for Less," and we attract team members who share our passion for educating and serving our customers with the goal of making healthy eating easier and more accessible. We believe our well-trained and engaged team members help our customers increasingly understand that they can purchase a wide selection of high-quality, healthy, and great tasting food for themselves and their families at attractive prices by shopping at Sprouts.

Outlook

We are pursuing a number of strategies designed to continue our growth, including expansion of our store base, driving comparable store sales growth and growing the Sprouts brand. We intend to continue expanding our store base by pursuing new store openings in our existing markets, expanding

into adjacent markets and penetrating new markets. We opened 24 stores and relocated one store during 2014. We expect to continue to expand our store base with 27 store openings planned in fiscal 2015, of which 26 have opened as of the date of this Quarterly Report on Form 10-Q. Although we plan to expand our store base primarily through new store openings, we may grow through strategic acquisitions if we identify suitable targets and are able to negotiate acceptable terms and conditions for acquisition. We aim to achieve 14% annual new store growth for at least the next five years.

We also believe we can continue to improve our comparable store sales growth by enhancing our core value proposition and distinctive customer-oriented shopping experience, as well as through expanding and refining our fresh, natural and organic product offerings, our targeted and personalized marketing efforts and our in-store education. We are committed to growing the Sprouts brand by supporting our stores, product offerings and corporate partnerships, including the expansion of innovative marketing and promotional strategies through print, digital and social media platforms, all of which promote our mission of "Healthy Living for Less."

Our History

In 2002, we opened the first Sprouts Farmers Market store in Chandler, Arizona. In 2010, we had 54 stores and reached over \$620 million in net sales and approximately 3,700 team members. In April 2011, we partnered with investment funds affiliated with, and co-investment vehicles managed by, Apollo Management VI, L.P., and added 43 stores by merging with Henry's Holdings, LLC and its Sun Harvest-brand stores. Our merger with Henry's Holdings, LLC and new store openings brought us to 103 total stores located in Arizona, California, Colorado and Texas as of the end of 2011. In May 2012, we added another 37 stores through our acquisition of Sunflower Farmers Markets, Inc. and extended our footprint into New Mexico, Nevada, Oklahoma and Utah. In August 2013, we completed an initial public offering ("referred to as our IPO") and our common stock began trading on the NASDAQ Global Select Market. Since the IPO, we have continued to expand, adding stores in our existing markets and extending into Kansas, Georgia, Missouri, Alabama and Tennessee.

Components of Operating Results

We report our results of operations on a 52- or 53-week fiscal year ending on the Sunday closest to December 31, with each fiscal quarter generally divided into three periods consisting of two four-week periods and one five-week period. The third quarters of fiscal 2015 and 2014 were thirteen-week periods ended September 27, 2015 and September 28, 2014, respectively.

Net Sales

We recognize sales revenue at the point of sale, with discounts provided to customers reflected as a reduction in sales revenue. Proceeds from sales of gift cards are recorded as a liability at the time of sale, and recognized as sales when they are redeemed by the customer. In the second quarter of 2015, we determined that we had sufficient data to estimate gift card breakage. We began recording an allowance for breakage on gift cards based on historical experience, and recorded \$0.8 million of gift card breakage related to prior period gift card sales. We do not include sales taxes in net sales.

We monitor our comparable store sales growth to evaluate and identify trends in our sales performance. Our practice is to include sales from a store in comparable store sales beginning on the first day of the 61st week following the store's opening and to exclude sales from a closed store from comparable store sales beginning on the day of closure. We include sales from an acquired store in comparable store sales on the later of (i) the day of acquisition or (ii) the first day of the 61st week following the store's opening. We also include sales from relocated stores immediately after relocation. These practices may differ from the methods that other retailers use to calculate similar measures.

Net sales are affected by store openings and closings and comparable store sales growth. Factors that influence comparable store sales growth and other sales trends include:

- general economic conditions and trends, including levels of disposable income and consumer confidence;
- consumer preferences and buying trends;
- our ability to identify market trends, and to source and provide product offerings that promote customer traffic and growth in average ticket;
- the number of customer transactions and average ticket;
- the prices of our products, including the effects of inflation and deflation;
- opening new stores in the vicinity of our existing stores;
- advertising, in-store merchandising and other marketing activities; and
- our competition, including competitive store openings in the vicinity of our stores and competitor pricing and merchandising strategies.

Cost of sales, buying and occupancy and gross profit

Cost of sales includes the cost of inventory sold during the period, including direct costs of purchased merchandise (net of discounts and allowances), distribution and supply chain costs, buying costs and supplies. Merchandise incentives received from vendors are reflected in the carrying value of inventory when earned or as progress is made toward earning the rebate or allowance, and are reflected as a component of cost of sales as the inventory is sold. Inflation and deflation in the prices of food and other products we sell may affect our gross profit and gross margin. The short-term impact of inflation and deflation is largely dependent on whether or not we pass the effects through to our customers, which will depend upon competitive market conditions.

Occupancy costs include store rental, property taxes, utilities, common area maintenance, amortization of favorable and unfavorable leasehold interests and property insurance. Occupancy costs do not include building depreciation, which is classified as a direct store expense.

Our cost of sales, buying and occupancy and gross profit are correlated to sales volumes. As sales increase, gross margin is affected by the relative mix of products sold, pricing strategies, inventory shrinkage and improved leverage of fixed costs of sales, buying and occupancy.

Direct store expenses

Direct store expenses consist of store-level expenses such as salaries and benefits, related equity-based compensation, supplies, depreciation and amortization for buildings, store leasehold improvements, equipment and other store specific costs.

Selling, general and administrative expenses

Selling, general and administrative expenses primarily consist of salaries and benefits costs, equity-based compensation, advertising and corporate overhead.

We charge third-parties to place advertisements in our in-store guide and newspaper circulars. We record consideration received from vendors in connection with cooperative advertising programs as a reduction to advertising costs when the allowance represents reimbursement of a specific and identifiable cost. Advertising costs are expensed as incurred.

Store pre-opening costs

Store pre-opening costs include rent expense during construction of new stores and costs related to new store openings, including costs associated with hiring and training personnel and other miscellaneous costs. Store pre-opening costs are expensed as incurred.

Store closure and exit costs

We recognize a reserve for future operating lease payments and other occupancy costs associated with facilities that are no longer being utilized in our current operations. The reserve is recorded based on the present value of the remaining non-cancelable lease payments and estimates of other occupancy costs after the cease use date less an estimate of subtenant income. If subtenant income is expected to be higher than the lease payments, no accrual is recorded. Lease payments and other occupancy costs included in the closed facility reserve are expected to be paid over the remaining terms of the respective leases. Our assumptions about subtenant income are based on our experience and knowledge of the area in which the closed property is located, guidance received from local brokers and agents and existing economic conditions. Adjustments to the closed facility reserve relate primarily to changes in actual or estimated subtenant income and changes in actual lease payments and other occupancy costs from original estimates. Adjustments are made for changes in estimates in the period in which the change becomes known, considering timing of new information regarding market, subleases or other lease updates. Changes in reserve estimates are classified as store closure and exit costs in the consolidated statements of operations.

Provision for income taxes

We must make certain estimates and judgments in determining income tax expense for financial statement purposes. The amount of taxes currently payable or refundable is accrued and deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statement carrying amount of existing assets and liabilities and their respective tax bases. Deferred tax assets are also recognized for realizable loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in income tax rates is recognized in our financial statements in the period that includes the enactment date.

Comparison of Thirteen Weeks Ended September 27, 2015 to Thirteen Weeks Ended September 28, 2014

Net sales

	Thirteen weeks ended		Change	% Change
	September 27, 2015	September 28, 2014		
Net sales	\$ 903,069	\$ 766,415	\$ 136,654	18%
Comparable store sales growth	5.8%	9.0%		

Net sales increased during the thirteen weeks ended September 27, 2015 as compared to the thirteen weeks ended September 28, 2014, primarily as a result of (i) new store openings after September 28, 2014 and (ii) sales growth at stores operated prior to September 28, 2014. New store openings after September 28, 2014 contributed \$78.0 million, or 57%, of the increase in net sales during the thirteen weeks ended September 27, 2015. Additionally, \$58.7 million, or 43%, of the increase came from comparable store sales growth and new store openings during fiscal 2014 not yet reflected in comparable store sales.

Cost of sales, buying and occupancy and gross profit

	Thirteen weeks ended		Change	% Change
	September 27, 2015	September 28, 2014		
Net sales	\$ 903,069	\$ 766,415	\$ 136,654	18%
Cost of sales, buying and occupancy	641,612	540,367	101,245	19%
Gross profit	261,457	226,048	35,409	16%
Gross margin	29.0%	29.5%	(0.5)%	

Cost of sales, buying and occupancy increased during the thirteen weeks ended September 27, 2015 compared to the thirteen weeks ended September 28, 2014, primarily due to the increase in sales from new store openings and comparable store sales growth, as discussed above. Gross profit increased \$40.3 million as a result of increased sales volume, offset by a decrease of \$4.9 million related to decreased margin. The gross margin decrease was primarily driven by continued price investments in certain categories.

Direct store expenses

	Thirteen weeks ended		Change	% Change
	September 27, 2015	September 28, 2014		
Direct store expenses	\$ 177,990	\$ 148,633	\$ 29,357	20%
Percentage of net sales	19.7%	19.4%	0.3%	

Direct store expenses increased \$29.4 million, due to \$19.0 million of direct store expenses related to stores opened since September 28, 2014 and a \$10.4 million increase in direct store expenses associated with stores operated prior to September 28, 2014. Direct store expenses, as a percentage of net sales, increased 30 basis points due to timing of capitalization of store development expense, higher investments in employee training and higher labor costs at new stores. This was partially offset by lower utilization of medical benefits and lower bonus expense.

Selling, general and administrative expenses

	Thirteen weeks ended		Change	% Change
	September 27, 2015	September 28, 2014		
Selling, general and administrative expenses	\$ 27,075	\$ 24,015	\$ 3,060	13%
Percentage of net sales	3.0%	3.1%	(0.1)%	

The increase in selling, general and administrative expenses included \$1.0 million in share-based compensation expense due to management transitions during the quarter, \$0.8 million in corporate payroll to support growth, \$0.6 million for advertising expense to support growth into new markets, \$0.6 million due to a credit for software expense in the prior year, \$0.5 million for IT maintenance, and other less significant increases in expense. These increases were partially offset by \$1.0 million lower bonus expense due to lower expected attainment and \$0.9 million of secondary offering expense in the prior year.

Store pre-opening costs

Store pre-opening costs were \$1.8 million for the thirteen weeks ended September 27, 2015 and \$3.7 million for the thirteen weeks ended September 28, 2014. Store pre-opening costs in the thirteen weeks ended September 27, 2015 included \$1.7 million related to opening eight stores during that period and \$0.1 million associated with stores expected to open subsequent to quarter end. Store pre-opening costs in the thirteen weeks ended September 28, 2014 included \$3.6 million related to opening 14 stores during that period and \$0.1 million associated with stores opened subsequent to quarter end.

Interest expense

Interest expense decreased to \$3.7 million for the thirteen weeks ended September 27, 2015 from \$6.2 million for the thirteen weeks ended September 28, 2014. The decrease in interest expense is due to lower principal balances on both the current Credit Facility and Former Revolving Credit Facility combined with the lower interest rate on our Credit Facility after the April 2015 Refinancing.

Loss on extinguishment of debt

In the thirteen weeks ended September 28, 2014, we made a voluntary principal payment of \$50.0 million and wrote-off \$1.1 million of deferred financing costs and original issue discount related to that portion of the Former Term Loan.

Income tax provision

Income tax provision increased to \$18.9 million for the thirteen weeks ended September 27, 2015 from \$16.6 million for the thirteen weeks ended September 28, 2014, primarily related to an increase in income before income taxes. Our effective income tax rate decreased to 37.1% in the thirteen weeks ended September 28, 2015 from 38.9% in the thirteen weeks ended September 28, 2014. The primary reasons for the decrease in the effective tax rate were an increase in the enhanced deduction for charitable donations of food inventory, an increase in the prior year tax credits and a decrease in the effective state income tax rate.

Net income

	Thirteen weeks ended		Change	% Change
	September 27, 2015	September 28, 2014		
Net income	\$ 31,986	\$ 26,065	\$ 5,921	23%
Percentage of net sales	3.5%	3.4%	0.1%	

Net income growth was driven by sales growth and reduced interest expense, offset by decreased gross margin.

Comparison of Thirty-Nine Weeks Ended September 27, 2015 to Thirty-Nine Weeks Ended September 28, 2014

Net sales

	Thirty-nine weeks ended		Change	% Change
	September 27, 2015	September 28, 2014		
Net sales	\$ 2,662,728	\$ 2,232,831	\$ 429,897	19%
Comparable store sales growth	5.2%	10.4%		

Net sales increased during the thirty-nine weeks ended September 27, 2015 as compared to the thirty-nine weeks ended September 28, 2014, primarily as a result of (i) sales growth at stores operated prior to September 28, 2014 and (ii) new store openings after September 28, 2014. During the thirty-nine weeks ended September 27, 2015, \$260.6 million, or 61%, of the increase came from comparable store

sales growth and new store openings during fiscal 2014 not yet reflected in comparable store sales. Additionally, new store openings after September 28, 2014 contributed \$169.3 million, or 39%, of the increase in net sales during the thirty-nine weeks ended September 27, 2015.

Cost of sales, buying and occupancy and gross profit

	Thirty-nine weeks ended		Change	% Change
	September 27, 2015	September 28, 2014		
Net sales	\$ 2,662,728	\$ 2,232,831	\$ 429,897	19%
Cost of sales, buying and occupancy	1,879,839	1,558,876	320,963	21%
Gross profit	782,889	673,955	108,934	16%
Gross margin	29.4%	30.2%	(0.8)%	

Cost of sales, buying and occupancy increased during the thirty-nine weeks ended September 27, 2015 compared to the thirty-nine weeks ended September 28, 2014, primarily due to the increase in sales from new store openings and comparable store sales growth, as discussed above. Gross profit increased \$129.8 million as a result of increased sales volume, offset by a decrease of \$20.8 million related to decreased margin. The gross margin decrease was primarily driven by continued price investments in certain categories.

Direct store expenses

	Thirty-nine weeks ended		Change	% Change
	September 27, 2015	September 28, 2014		
Direct store expenses	\$ 518,561	\$ 430,019	\$ 88,542	21%
Percentage of net sales	19.5%	19.3%	0.2%	

Direct store expenses increased \$88.5 million, due to \$48.5 million of direct store expenses related to stores opened since September 28, 2014 and a \$40.0 million increase in direct store expenses associated with stores operated prior to September 28, 2014. Direct store expenses, as a percentage of net sales, increased 20 basis points primarily due to higher depreciation, higher investments in employee training and labor costs at new stores. These increases were partially offset by lower utilization of medical benefits and lower bonus expense.

Selling, general and administrative expenses

	Thirty-nine weeks ended		Change	% Change
	September 27, 2015	September 28, 2014		
Selling, general and administrative expenses	\$ 74,492	\$ 69,594	\$ 4,898	7%
Percentage of net sales	2.8%	3.1%	(0.3)%	

The increase in selling, general and administrative expenses included \$4.4 million for advertising expense to support growth into new markets, \$3.1 million for corporate payroll to support growth and internalize outsourced functions, \$1.1 million increase in IT maintenance, \$0.9 million for regional administration expense due to additional store count and growth into new regions, \$0.8 million increase in depreciation for our new corporate headquarters; these increases were partially offset by \$3.6 million decrease in bonus expense due to lower expected attainment and lower than expected actual payments for the prior fiscal year, \$2.0 million less secondary offering expense in current year and a \$0.9 million decrease in expense related to internalizing outsourced functions. Selling, general and administrative expenses decreased as a percent of net sales primarily driven by lower bonus expense partially offset by higher advertising costs for new stores and corporate payroll.

Store pre-opening costs

Store pre-opening costs were \$7.1 million for both the thirty-nine weeks ended September 27, 2015 and the thirty-nine weeks ended September 28, 2014. Store pre-opening costs in the thirty-nine weeks ended September 27, 2015 included \$6.9 million related to opening 26 stores during that period and \$0.2 million associated with stores expected to open subsequent to quarter end. Store pre-opening costs in the thirty-nine weeks ended September 28, 2014 included \$6.8 million related to opening 24 stores and relocating one store during that period and \$0.3 million associated with stores expected to open subsequent to quarter end.

Store closure and exit costs

Store closure and exit costs for the thirty-nine weeks ended September 27, 2015 includes \$1.7 million for the relocation of our support office and adjustments for prior reserves. Store closure and exit costs for the thirty-nine weeks ended September 28, 2014 included costs related to the relocation of one store, a \$1.2 million favorable adjustment to reserves for settlement with landlord, offset by changes in reserves for stores and facilities already closed and ongoing expenses related to prior closures. Additionally, we determined that we should have been recording accretion expense for store closure reserves and liability for certain occupancy costs. We made a correcting entry of \$0.9 million to adjust the liability for closed stores to include such accretion and liability for certain occupancy costs for prior periods. The effect of this entry was not material to any period.

Interest expense

Interest expense decreased to \$14.0 million for the thirty-nine weeks ended September 27, 2015 from \$19.1 million for the thirty-nine weeks ended September 28, 2014. The decrease in interest expense is due to the lower principal balances on both the current Credit Facility and Former Revolving Credit Facility combined with the lower interest rate on our Credit Facility after the April 2015 Refinancing.

Loss on extinguishment of debt

In the thirty-nine weeks ended September 27, 2015, we recorded a loss on extinguishment of debt totaling \$5.5 million related to the write-off of deferred financing costs and issue discount in the April 2015 Refinancing. In the thirty-nine weeks ended September 28, 2014, we made a voluntary principal payment of \$50.0 million and wrote-off \$1.1 million of deferred financing costs and original issue discount related to that portion of the term loan.

Income tax provision

Income tax provision increased to \$61.1 million for the thirty-nine weeks ended September 27, 2015 from \$57.1 million for the thirty-nine weeks ended September 28, 2014, primarily related to an increase in income before income taxes. Our effective income tax rate decreased to 37.8% in the thirty-nine weeks ended September 27, 2015 from 38.9% in the thirty-nine weeks ended September 28, 2014. The primary reasons for the decrease in the effective tax rate were an increase in the enhanced deduction for charitable donations of food inventory, an increase in the prior year tax credits and a decrease in the effective state income tax rate.

Net income

	Thirty-nine weeks ended		Change	% Change
	September 27, 2015	September 28, 2014		
Net income	\$ 100,775	\$ 89,949	\$ 10,826	12%
Percentage of net sales	3.8%	4.0%	(0.2)%	

Net income growth was driven by sales growth and reduced interest expense, offset by decreased gross margin, loss on extinguishment of debt, and increases in advertising expense to support our growth into new markets.

Liquidity and Capital Resources

The following table sets forth the major sources and uses of cash for each of the periods set forth below, as well as our cash and cash equivalents at the end of each period:

	Thirty-nine weeks ended	
	September 27, 2015	September 28, 2014
Cash and cash equivalents at end of period	\$ 132,000	\$ 118,447
Cash provided by operating activities	\$ 179,091	\$ 151,301
Cash used in investing activities	\$ (97,341)	\$ (95,867)
Cash used in financing activities	\$ (80,263)	\$ (14,639)

Since inception, we have financed our operations primarily through cash generated from our operations, sales of our equity and borrowings under our credit facilities. Our primary uses of cash are for purchases of inventory, operating expenses, capital expenditures primarily for opening new stores, remodel and maintenance capital expenditures, and debt service. We believe that our existing cash and cash equivalents, and cash anticipated to be generated by operations will be sufficient to meet our anticipated cash needs for at least the next 12 months. Our future capital requirements will depend on many factors, including new store openings, remodel and maintenance capital expenditures at existing stores, store initiatives and other corporate capital expenditures and activities. Our cash and cash equivalents position benefits from the fact that we generally collect cash from sales to customers the same day or, in the case of credit or debit card transactions, within days from the related sale. In the event that additional financing is required from outside sources, we may not be able to raise it on terms acceptable to us or at all. If we are unable to raise additional capital when desired, our business, results of operations and financial condition would be adversely affected.

Operating Activities

Net cash provided by operating activities increased \$27.8 million to \$179.1 million for the thirty-nine weeks ended September 27, 2015 compared to \$151.3 million for the thirty-nine weeks ended September 28, 2014. The thirty-nine weeks ended September 27, 2015 includes the impact of stores opened since September 28, 2014.

Investing Activities

Net cash used in investing activities was \$97.3 million for the thirty-nine weeks ended September 27, 2015 compared to \$95.9 million for the thirty-nine weeks ended September 28, 2014. The increase in cash used for investing activities is primarily related to increased capital expenditures for new store openings, sales enhancing initiatives, our new support office, store remodels and maintenance capital expenditures.

Capital expenditures consist primarily of investments in new stores, including leasehold improvements and store equipment, annual maintenance capital expenditures to maintain the appearance of our stores, sales enhancing initiatives and other corporate investments.

We expect capital expenditures of approximately \$105 million in fiscal 2015, net of estimated landlord tenant improvement allowances, primarily to fund investments in new stores, remodels, maintenance capital expenditures and corporate capital expenditures. We expect to fund our capital expenditures with cash on hand, cash generated from operating activities and, if required, borrowings under our Credit Facility.

Financing Activities

Net cash used in financing activities was \$80.3 million for the thirty-nine weeks ended September 27, 2015 compared to cash used in financing activities of \$14.6 million for the thirty-nine weeks ended September 28, 2014. The change in cash used in financing activities of \$65.6 million is related to an increase in the net paydown of debt of \$46.0 million, a \$15.5 million decrease of excess tax benefits from

the exercise of stock options, \$1.9 million of deferred financing costs paid in our April 2015 Refinancing, and a \$1.2 million decrease in proceeds from the exercise of stock options.

Long-Term Debt and Credit Facilities

See Note 6 “Long-Term Debt” of our unaudited consolidated financial statements for a description of our Credit Facility and our Former Credit Facility.

Contractual Obligations

We are committed under certain capital leases for the rental of certain buildings and land and certain operating leases for rental of facilities and equipment. These leases expire or become subject to renewal clauses at various dates through 2032.

The following table summarizes our lease obligations as of September 27, 2015, and the effect such obligations are expected to have on our liquidity and cash flow in future periods:

	Payments Due by Period				
	Total	Less Than 1 Year	1-3 Years	4-5 Years	More Than 5 Years
	(in thousands)				
Capital and financing lease obligations(1)	\$ 160,896	\$ 24,958	\$ 37,819	\$ 29,683	\$ 68,436
Operating lease obligations(1)	1,274,667	101,271	231,625	221,928	719,843
Totals	\$ 1,435,563	\$ 126,229	\$ 269,444	\$ 251,611	\$ 788,279

(1) Represents estimated payments for capital and financing and operating lease obligations as of September 28, 2015. Capital and financing lease obligations and operating lease obligations are presented gross without offset for subtenant rentals. We have subtenant agreements under which we will receive \$1.5 million for the period of less than one year, \$2.4 million for years one to three, \$1.4 million for years four to five, and \$1.4 million for the period beyond five years.

We have other contractual commitments and debt, which were presented under Contractual Obligations in our Annual Report on Form 10-K for the fiscal year ended December 28, 2014, and for which there have not been material changes since that filing through September 27, 2015. As discussed in Note 6 to the unaudited consolidated financial statements we entered into the Credit Facility with an initial balance of \$260.0 million which will mature in April 2020. As of September 27, 2015, the outstanding balance on the Revolving Credit Facility was \$160.0 million.

Off-Balance Sheet Arrangements

We do not engage in any off-balance sheet financing activities, nor do we have any interest in entities referred to as variable interest entities.

Impact of Inflation

Inflation and deflation in the prices of food and other products we sell may affect our sales, gross profit and gross margin. The short-term impact of inflation and deflation is largely dependent on whether or not the effects are passed through to our customers, which is subject to competitive market conditions.

Food inflation and deflation is affected by a variety of factors and our determination of whether to pass on the effects of inflation or deflation to our customers is made in conjunction with our overall pricing and marketing strategies. Although we may experience periodic effects on sales, gross profit and gross margins as a result of changing prices, we do not expect the effect of inflation or deflation to have a material impact on our ability to execute our long-term business strategy.

Seasonality

Our business is subject to modest seasonality. Our average weekly sales fluctuate throughout the year and are typically highest in the first half of the fiscal year. Produce, which contributed approximately 25% of our net sales for the thirty-nine weeks ended September 27, 2015, is generally more available in the first six months of our fiscal year due to the timing of peak growing seasons.

Critical Accounting Estimates

Our discussion and analysis of our financial condition and results of operations are based upon our financial statements, which have been prepared in accordance with GAAP. These principles require us to make estimates and judgments that affect the reported amounts of assets, liabilities, sales and expenses, cash flow and related disclosure of contingent assets and liabilities. Our estimates include, but are not limited to, those related to inventory, lease assumptions, self-insurance reserves, sublease assumptions for closed facilities, goodwill and intangible assets, impairment of long-lived assets, fair values of equity-based awards and income taxes. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances. Actual results may differ from these estimates. To the extent that there are material differences between these estimates and our actual results, our future financial statements will be affected.

During the thirteen weeks ended September 27, 2015, we changed our store inventory count procedure and no longer count inventory at the end of the quarter for each store. Accordingly, the inventory balance in the accompanying unaudited Consolidated Balance Sheets includes a \$3.8 million shrink reserve as of September 27, 2015. There have been no other substantial changes to these estimates or the policies related to them during the thirty-nine weeks ended September 28, 2015. For a full discussion of these estimates and policies, see "Critical Accounting Estimates" in Item 7 of our Annual Report on Form 10-K for the fiscal year ended December 28, 2014.

Recently Issued Accounting Pronouncements

See Note 2 "Recently Issued Accounting Pronouncements" to our accompanying unaudited consolidated financial statements contained in this Quarterly Report on Form 10-Q.

We have determined that all other recently issued accounting standards will not have a material impact on our financial statements, or do not apply to our operations.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

As described in Note 6, "Long-Term Debt" to our unaudited consolidated financial statements located elsewhere in this Quarterly Report on Form 10-Q, we have a Credit Facility that bears interest at a rate based in part on LIBOR. Accordingly, we are exposed to fluctuations in interest rates. Based on the \$160.0 million principal outstanding under our Credit Facility as of September 27, 2015, each hundred basis point change in LIBOR would result in a change in interest expense by \$1.6 million annually.

This sensitivity analysis assumes our mix of financial instruments and all other variables will remain constant in future periods. These assumptions are made in order to facilitate the analysis and are not necessarily indicative of our future intentions.

Item 4. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

We maintain a system of disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) designed to ensure that the information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time period specified in the rules and forms of the Securities and Exchange Commission, and is accumulated and communicated to our management, including our Chief Executive

Officer (our principal executive officer) and our Chief Financial Officer (our principal financial officer), as appropriate, to allow timely decisions regarding required disclosure.

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of our disclosure controls and procedures under the Exchange Act as of September 27, 2015, the end of the period covered by this Quarterly Report on Form 10-Q. Based on such evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that, as of such date, our disclosure controls and procedures were effective.

Changes in Internal Control Over Financial Reporting

During the quarterly period ended September 27, 2015, there were no changes in our internal controls over financial reporting that materially affected, or were reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings.

From time to time we are a party to legal proceedings, including matters involving personnel and employment issues, product liability, personal injury, intellectual property and other proceedings arising in the ordinary course of business, which have not resulted in any material losses to date. Although management does not expect that the outcome in these proceedings will have a material adverse effect on our financial condition or results of operations, litigation is inherently unpredictable. Therefore, we could incur judgments or enter into settlements of claims that could materially impact our results.

Item 1A. Risk Factors.

Certain factors may have a material adverse effect on our business, financial condition and results of operations. You should carefully consider the risks and uncertainties referenced below, together with all of the other information in this Quarterly Report on Form 10-Q, including our consolidated financial statements and related notes. Any of those risks could materially and adversely affect our business, operating results, financial condition, or prospects and cause the value of our common stock to decline, which could cause you to lose all or part of your investment.

There have been no material changes to the Risk Factors described under "Part I – Item 1A. Risk Factors" in our Annual Report on Form 10-K for the fiscal year ended December 28, 2014.

Item 5. Other Information.

On November 4, 2015, our board of directors adopted an Executive Severance and Change in Control Plan (the "Plan") to provide benefits and payments to certain of our senior executive officers if their employment is terminated under certain circumstances. The Plan covers senior executive officers designated by the compensation committee of our board of directors, including our named executive officers (other than our chief executive officer) that do not otherwise have employment agreements which specifically provide for severance. In addition, if one of our senior executive officers designated for participation in the Plan has an employment agreement and his or her employment is terminated in connection with a change in control under circumstances providing for change in control severance benefits under the Plan (as described below), the senior executive officer is eligible to receive change in control severance benefits under the Plan, rather than severance benefits under the applicable employment agreement.

In the event that a Plan participant's employment is terminated by us due to elimination of job position, reduction in force or restructuring, or by a participant due to relocation, and such termination does not constitute a termination in connection with a change in control described below and is not within 12 months of the participant's date of hire, (a) our chief financial officer and chief operating officer will be eligible to receive continued payments of base salary for two years and COBRA premium reimbursement for two years (or, if earlier, until the participant is no longer eligible for COBRA coverage), the aggregate amount of the annual bonus amounts received in respect of the prior two completed fiscal years, and a prorated bonus based on actual performance for the fiscal year in which termination occurs; and (b) other participants will be eligible to receive continued payments of base salary for one year and COBRA premium reimbursement for one year (or, if earlier, until the participant is no longer eligible for COBRA coverage), an amount equal to the participant's target bonus at the time of termination, and a prorated bonus based on actual performance for the fiscal year in which termination occurs.

In the event that a Plan participant's employment is terminated by us without cause or by the participant for good reason (each as defined by the Plan) upon or during the 24 month period following a change in control (as defined by the Plan), Plan participants will be eligible to receive continued payments of base salary for two years and COBRA premium reimbursement for two years (or, if earlier, until the participant is no longer eligible for COBRA coverage), as well as an amount equal to the participant's target bonus at the time of termination.

The foregoing summary of the Plan does not purport to be complete and is qualified in its entirety by reference to the Plan, filed as Exhibit 10.1 to this Quarterly Report on Form 10-Q and incorporated herein by reference.

Airplane Purchase

On November 3, 2015, we entered into an agreement to purchase an airplane (the "Purchase Agreement") from an entity controlled by Shon Boney, a member of our board of directors, for \$7.5 million, which is below the estimated market value we obtained from a third party appraisal of the airplane. The transaction is expected to close during November 2015, subject to customary pre-closing inspection.

The foregoing summary of the Purchase Agreement does not purport to be complete and is qualified in its entirety by reference to the Purchase Agreement, filed as Exhibit 10.2 to this Quarterly Report on Form 10-Q and incorporated herein by reference.

INTRODUCTION

Sprouts Farmers Market, Inc. ("Sprouts") has established the Executive Severance and Change in Control Plan (the "Plan") to provide financial assistance to certain senior executive officers of Sprouts whose employment is terminated under certain circumstances. The severance and other benefits payable under the Plan apply to covered terminations of employment occurring after November 3, 2015. This document outlines the terms and conditions of the Plan, and shall serve as both the plan document and summary plan description for the Plan, as those terms are defined under the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan is the only severance pay plan, program or policy of Sprouts applicable to Eligible Executives (as defined below) and supersedes all other severance plans, programs, policies, understandings and agreements, express or implied, written or oral with respect to the Eligible Executives; provided that, if there is a written employment agreement between Sprouts or any of its affiliates on the one hand, and an Eligible Executive on the other hand, which specifically provides for severance, then the terms of such employment agreement will control and the applicable individual will have no right to any payments or benefits under the Plan, except in the event that a Change in Control Termination (as defined below) occurs, in which case such Eligible Executive's rights to severance will be determined in accordance with the Plan, and such Eligible Executive shall not be entitled to receive any severance under the applicable employment agreement unless the severance terms of the applicable employment agreement are more favorable to the Eligible Executive in which case the terms of the employment agreement shall govern.

DEFINITIONS

"Base Salary" shall mean an Eligible Executive's base pay immediately preceding termination (or if greater, immediately preceding any reduction giving rise to Good Reason (if applicable)), less applicable withholdings and deductions. Base Salary shall not include incentive compensation, bonuses, or any other payments.

"Code" shall mean the Internal Revenue Code of 1986, as amended from time to time.

"Cause" shall have the meaning set forth in any effective employment agreement between Sprouts or any of its subsidiaries or affiliates on the one hand, and an Eligible Executive on the other hand, or if no such employment agreement is in effect that contains a definition of "Cause", then Cause shall mean the occurrence of any one or more of the following events: (1) a conviction of or pleading guilty to (a) a felony, or (b) a misdemeanor that causes or is reasonably likely to cause material harm to the business, financial condition or operating results of Sprouts or any of its affiliates; (2) theft, embezzlement or fraud committed by an Eligible Executive in connection with the performance of an Eligible Executive's job duties; (3) engaging in any activity that gives rise to a material conflict with Sprouts or any of its affiliates; (4) the misappropriation of any material business opportunity of Sprouts or any of its subsidiaries or affiliates; (5) any material failure to comply with, observe or carry out the rules, regulations, policies, directions, codes of ethics and/or conduct and restrictions applicable to team members generally or established or approved by the Board from time to time for executive officers of Sprouts or any of its subsidiaries or affiliates, including (without limitation), in any case, those regarding conflicts of interest; and (6) substance abuse or use of illegal drugs that materially impairs the performance of an Eligible Executive's job duties or causes or is likely to cause material harm to the business, financial condition or operating results of Sprouts or any of its affiliates. In order to terminate an Eligible Executive for Cause, (i) Sprouts must deliver a written notice of its intent to terminate the Eligible Executive for Cause, (ii) the Eligible Executive must be given a reasonable opportunity to cure any such acts or omissions (if curable) that constitute "Cause" within 30 days after receipt of such notice, and (iii) the Eligible Executive must have failed to timely cure any such acts or omissions.

"Change in Control" shall mean: (1) any event occurs the result of which is that any "Person," as such term is used in Sections 13(d) and 14(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), becomes the "beneficial owner", as defined in Rules 13d-3 and 13d-5 under the Exchange Act, directly or indirectly, of more than 50% of the voting stock of Sprouts or any successor company thereto, including, without limitation, through a merger or consolidation or purchase of voting

stock of Sprouts; provided that the transfer of 100% of the voting stock to a Person that has an ownership structure identical to that of Sprouts prior to such transfer, such that Sprouts becomes a wholly-owned subsidiary of such Person, shall not be treated as a Change in Control; (2) during any period of two consecutive years, individuals who at the beginning of such period constituted the Board, together with any new directors whose election by such Board or whose nomination for election by the stockholders of Sprouts was approved by a vote of a majority of the directors of Sprouts then still in office who were either directors at the beginning of such period or whose election or nomination for election was previously so approved, cease for any reason to constitute a majority of the Board then in office; (3) the sale, lease, transfer, conveyance or other disposition, in one or a series of related transactions other than a merger or consolidation, of all or substantially all of the assets of Sprouts and its consolidated subsidiaries taken as a whole to any Person or group of related Persons; or (4) the adoption of a plan relating to the liquidation or dissolution of Sprouts.

“Change in Control Period” shall mean the period beginning on the occurrence of a Change in Control and continuing for 24 months thereafter.

“Change in Control Termination” shall mean: (1) termination of an Eligible Executive’s employment by Sprouts without Cause; or (2) termination of an Eligible Executive’s employment by the Eligible Executive for Good Reason, in either case, during the Change in Control Period. A Change in Control termination shall not occur pursuant to the preceding clause (1) if: (a) such termination occurs on account of the Eligible Executive’s death or total and permanent disability, as reasonably determined in good faith by Sprouts; or (b) an Eligible Executive’s employment terminates as a result of a sale of assets only if (i) the Successor assumes the obligations hereunder; (ii) the Eligible Executive is offered employment by the Successor following the Change in Control; and (iii) such offer provides the Eligible Executive with base salary equal to that provided immediately prior to the Change in Control, the same title as immediately prior to the Change in Control, and a principal place of employment within 50 miles from the then-current location of the principal office of Sprouts in Phoenix, Arizona immediately prior to the Change in Control.

“Eligible Executive” shall mean each senior executive officer designated by the Compensation Committee of the Board of Directors of Sprouts for participation in the Plan from time to time.

“Good Reason” shall have the meaning ascribed thereto in any effective employment agreement between Sprouts or any of its subsidiaries or affiliates on the one hand, and an Eligible Executive on the other hand, or if no such employment agreement is in effect that contains a definition of “Good Reason”, then Good Reason shall mean the occurrence of any of the following: (1) material reduction in an Eligible Executive’s base salary or target annual bonus opportunity; (2) adverse change in an Eligible Executive’s job title; provided, however, that a change in an Eligible Executive’s duties or responsibilities without a change in an Eligible Executive’s job title shall not constitute “Good Reason”; or (3) a requirement that an Eligible Executive work at any office or location more than 50 miles from the location of the then current principal office of Sprouts in Phoenix, Arizona (excluding normal travel responsibilities). In order for an Eligible Executive to terminate employment for Good Reason, the Eligible Executive must provide Sprouts with at least 30 days’ prior written notice specifying in reasonable detail the reason therefor, and Sprouts shall have a reasonable opportunity to cure any such Good Reason within 15 days after receipt of such notice. If Sprouts is not seeking to cure, it shall not be obligated to allow the Eligible Executive to continue performing duties for Sprouts during the 15-day cure period and may, in its sole discretion, accelerate such termination of employment to any date during the 15-day cure period. An Eligible Executive may not terminate employment for Good Reason regarding any act or omission of which the Eligible Executive had actual notice for 90 days or more prior to giving notice of termination for “Good Reason”.

“Involuntary Termination” shall mean the termination of an Eligible Executive’s employment, other than a termination of employment which constitutes a Change in Control Termination: (1) by Sprouts due to: (a) elimination of the Eligible Executive’s position; (b) reduction-in-force; or (c) restructuring; or (2) by the Eligible Executive due to a change in the Eligible Executive’s principal place of employment to a location that is more than 50 miles from the Eligible Executive’s then-current principal place of employment. An Involuntary Termination shall not occur if such termination occurs within 12-months following an Eligible

Executive's date of hire or on account of the Eligible Executive's death or total and permanent disability, as reasonably determined in good faith by Sprouts.

"Person" means and includes any individual, partnership, joint venture, corporation, limited liability company, estate, trust or other entity.

"Release" shall mean a release of claims against Sprouts, Sprouts, and other subsidiaries or affiliates of Sprouts in the form provided by Sprouts; provided that, if the Eligible Executive experiences a Change in Control Termination, the release shall be substantially in the form used by Sprouts immediately prior to the Change in Control, with such changes as Sprouts determines are necessary to comply with applicable law.

"Senior Executive Officer" shall mean the Chief Executive Officer, President/Chief Operating Officer, Chief Legal Officer, Chief Information Officer, Chief Marketing Officer, Chief Development Officer, Chief Human Resources Officer, Executive Vice President of Operations, and any other senior executive officer designated as such by the Compensation Committee of the Board of Directors of Sprouts from time to time.

"Successor" shall mean any corporation or unincorporated entity or group of corporations or unincorporated entities which acquires ownership, directly or indirectly, through merger, consolidation, purchase or otherwise, of the stock or the assets of Sprouts, triggering a Change in Control, and which assumes and agrees to perform this Plan by operation of law, or otherwise. A Successor may also include a subsidiary or parent of such entity to the extent such subsidiary or parent is the employing entity of an Eligible Executive following the date of a Change in Control.

BENEFITS

Involuntary Termination. In the event an Eligible Executive experiences an Involuntary Termination, in addition to any accrued but unpaid salary and amounts required by applicable law, the Eligible Executive will be entitled to the following severance benefits based on the Eligible Executive's position, subject to the conditions described below and the other terms and provisions of the Plan:

Position	Severance Period	Cash Severance	COBRA Premium Reimbursement
CEO, COO and CFO	2 years	<p>(1) Continued payments of Base Salary during the Severance Period, which will be paid consistent with Sprouts' customary payroll practices, but no less frequently than monthly.</p> <p>(2) An aggregate amount equal to the sum of the annual bonuses paid to the Eligible Executive in respect of the past 2 completed fiscal years, payable in equal installments over the Severance Period as and when payments are made pursuant to clause (1) above.</p> <p>(3) A prorated portion of the annual bonus (based on the period of actual employment during the fiscal year in which termination occurs) to which the Eligible Executive would have been entitled, if any, had the Eligible Executive worked the full fiscal year during which the termination occurred (the "<u>Prorated Bonus</u>"), which will be paid at the same time that annual bonuses are paid to active employees of Sprouts but no later than March 15 of the calendar year following the calendar year in which termination of employment occurs.</p>	<p>During the Severance Period (or if earlier, until the date the Eligible Executive ceases to be eligible to receive coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended ("<u>COBRA</u>")), Sprouts will reimburse the Eligible Executive for the Eligible Executive's applicable COBRA premiums.*</p>

Other Senior Executive Officers	1 year	<p>(1) Continued payments of Base Salary during the Severance Period, which will be paid consistent with Sprouts' customary payroll practices, but no less frequently than monthly.</p> <p>(2) An amount equal to the Eligible Executive's target annual bonus at the time of termination, payable in equal installments over the Severance Period as and when payments are made pursuant to clause (1) above.</p> <p>(3) The Prorated Bonus, which will be paid at the same time that annual bonuses are paid to active Executives of Sprouts but no later than March 15 of the calendar year following the calendar year in which termination of employment occurs.</p>	During the Severance Period (or if earlier, until the date the Eligible Executive ceases to be eligible to receive coverage under COBRA), Sprouts will reimburse the Eligible Executive for the Eligible Executive's applicable COBRA premiums.*
---------------------------------	--------	---	--

*In the event that Sprouts' payment of COBRA premiums under the Plan would violate the nondiscrimination rules of the Patient Protection and Affordable Care Act of 2010, as amended ("PPACA") or cause Sprouts or an Eligible Executive to incur adverse tax consequences or penalties under PPACA or otherwise, the parties agree to reform this provision, to the extent practicable, to avoid such adverse tax consequences or penalties while maintaining the intended economic benefit to the Eligible Executive.

Change in Control Termination. In the event that an Eligible Executive experiences a Change in Control Termination, in addition to any accrued but unpaid salary and amounts required by applicable law, the Eligible Executive will be entitled to the following severance benefits, based on the date the Eligible Executive began employment with Sprouts, subject to the conditions described below and the other terms and provisions of the Plan:

Position	Severance Period	Cash Severance	COBRA Premium Reimbursement
CEO	3 years	<p>(1) Continued payments of Base Salary during the Severance Period, which will be paid consistent with Sprouts' customary payroll practices, but no less frequently than monthly.</p> <p>(2) An amount equal to the sum of the target annual bonuses paid to the Eligible Executive in respect of the past 3 completed fiscal years, payable in equal installments over the Severance Period as and when payments are made pursuant to clause (1) above.</p>	During the Severance Period (or if earlier, until the date the Eligible Executive ceases to be eligible to receive coverage under COBRA), Sprouts will reimburse the Eligible Executive for the Eligible Executive's applicable COBRA premiums.*

Other Senior Executive Officers	2 years	(1) Continued payments of Base Salary during the Severance Period, which will be paid consistent with Sprouts' customary payroll practices, but no less frequently than monthly. (2) An amount equal to the Eligible Executive's target annual bonus at the time of termination (or if greater, immediately preceding the Change in Control), payable in equal installments over the Severance Period as and when payments are made pursuant to clause (1) above.	During the Severance Period (or if earlier, until the date the Eligible Executive ceases to be eligible to receive coverage under COBRA), Sprouts will reimburse the Eligible Executive for the Eligible Executive's applicable COBRA premiums.*
---------------------------------	---------	--	--

*In the event that Sprouts' payment of COBRA premiums under the Plan would violate the nondiscrimination rules of the Patient Protection and Affordable Care Act of 2010, as amended ("PPACA") or cause Sprouts or an Eligible Executive to incur adverse tax consequences or penalties under PPACA or otherwise, the parties agree to reform this provision, to the extent practicable, to avoid such adverse tax consequences or penalties while maintaining the intended economic benefit to the Eligible Executive.

The Plan Administrator has the sole discretion to determine whether an Eligible Executive's termination of employment constitutes an Involuntary Termination or a Change in Control Termination.

In the event of an Involuntary Termination or a Change in Control Termination, cash severance payments will begin on the effective date of the Release; provided that, if termination of an Eligible Executive's employment occurs within 50 days following the end of the calendar year, payments will begin on the later of: (1) the effective date of the Release; or (2) January 2 of the year following the year in which termination of Eligible Executive's employment occurs; provided further that, the first payment will include any amounts that would otherwise have been paid to the Eligible Executive between the date of termination and the date of the first payment in accordance with Sprouts' customary payroll practices.

Death During the Severance Period. In the event an Eligible Executive dies following an Involuntary Termination or a Change in Control Termination but prior to the payment of all benefits payable under the Plan, any remaining cash severance payments will be made to the Eligible Executive's surviving spouse in a lump sum within 60 days following the Eligible Executive's death. If there is no surviving spouse at the time of an Eligible Executive's death, the amounts shall be paid to the legal representative of the Eligible Executive's estate. Medical plan coverage will be made available to an Eligible Executive's surviving spouse and covered dependents to the extent required under COBRA; provided that, COBRA premium reimbursements shall continue to be provided, to the extent applicable, for any remaining portion of the Severance Period.

ELIGIBILITY TO RECEIVE BENEFITS

Subject to the conditions and limitations of this section and elsewhere in the Plan, an Eligible Executive shall be entitled to the severance benefits described herein only upon satisfaction of all the following conditions (and all other applicable conditions contained in the Plan):

- (1) the Eligible Executive experiences an Involuntary Termination or a Change in Control Termination;
- (2) the Eligible Executive timely executes without modification and does not revoke a Release within 50 days following the Eligible Executive's termination date (or such earlier period as may be specified in the Release);

- (3) if requested by Sprouts or any of its subsidiaries or affiliates, the Eligible Executive delivers an acceptable resignation letter in respect of all offices, directorships and fiduciary positions in which the Eligible Executive was serving;
- (4) the Eligible Executive reasonably cooperates in transitioning the Eligible Executive's work;
- (5) the Eligible Executive returns any property of Sprouts or its subsidiaries or affiliates which has come into the Eligible Executive's possession or control; and
- (6) if notified by Sprouts of his or her termination of employment, the Eligible Executive remains actively at work through his or her Company-determined last day of employment.

Exclusions. Each Eligible Executive shall cease to be entitled to benefits under the Plan, upon the earliest to occur of the following:

- (1) the date an Eligible Executive is re-employed if the Eligible Executive is re-hired by Sprouts or an affiliate in a comparable position while receiving severance benefits;
- (2) the Eligible Executive's breach of any provision of the Release, the Plan or any applicable confidentiality, non-compete, and/or non-solicitation agreement;
- (3) the revocation, invalidity, unenforceability, or untimely execution of the Release; or
- (4) in the event of an Involuntary Termination, Sprouts (or any of its subsidiaries or affiliate) discovers information that would have permitted Sprouts to terminate the Eligible Executive's employment for Cause.

If severance benefits cease because of a Cause determination or a breach of the Release or any applicable confidentiality, non-compete, and/or non-solicitation agreement, Sprouts shall have the right to require that the Eligible Executive repay to the full value of any previously received benefits. The remedies described in this paragraph are in addition to any other remedies that may be available to Sprouts in the event of the occurrence of any of the circumstances described in this paragraph.

ADDITIONAL TAX CONSIDERATIONS

Section 409A. The Plan is intended to comply with Code Section 409A. To the extent required by Code Section 409A, all amounts to be paid upon a termination of employment under the Plan may only be paid upon a "separation from service", as defined by Code Section 409A. If an Eligible Executive is a "specified employee" within the meaning of Code Section 409A (which generally includes officers with annual compensation above a specified amount) at the time of termination of employment, to the extent necessary to comply with Code Section 409A, any payment under the Plan shall be delayed for a period of six months after termination of employment. The Plan Administrator will notify an Eligible Executive if a delay in payments is necessary. Payment of such delayed amount shall be made in a lump sum within 10 days after the end of the six-month period. However, if the Eligible Executive dies during the postponement period prior to the payment of the delayed amounts, the amounts delayed on account of Code Section 409A shall be paid to the Eligible Executive's surviving spouse (or, if there is no surviving spouse at the time of an Eligible Executive's death, the legal representative of Eligible Executive's estate) within 60 days after the date of death.

For purposes of the limitations on nonqualified deferred compensation under Code Section 409A, each payment of compensation under the Plan shall be treated as a separate payment of compensation. Any amounts payable solely on account of an involuntary separation from service within the meaning of Code Section 409A shall be excludible from the requirements of Code Section 409A of the Code, either as involuntary separation pay or as short-term deferral amounts to the maximum possible extent. Any reimbursements or in-kind benefits provided under the Plan shall be made or provided in accordance with the requirements of Code Section 409A, including, where applicable, the requirement that: (1) any reimbursement is for expenses incurred during the period of time specified in the Plan; (2) the amount of expenses eligible for reimbursement, or in kind benefits provided, during a calendar year may not affect the expenses eligible for reimbursement, or in kind benefits to be provided, in any other calendar year; (3) the reimbursement of an eligible expense will be made no later than the last day of the calendar year

following the year in which the expense is incurred; and (4) the right to reimbursement or in kind benefits is not subject to liquidation or exchange for another benefit.

In no event shall Sprouts or any of its subsidiaries or affiliates have any liability in respect of any adverse tax consequences that an Eligible Executive may incur by reason of operation of Code Section 409A.

Section 280G. Payments under the Plan shall be made without regard to whether the deductibility of such payments would be limited or precluded by Code Section 280G, and without regard to whether such payments (or any other payments) would subject an Eligible Executive to the federal excise tax levied on certain "excess parachute payments" under Code Section 4999; provided however, that if the value of all payments to or for an Eligible Executive's benefit (whether under the Plan or otherwise), after reduction for all state and federal taxes (including the tax described in Code Section 4999, if applicable) with respect to such payments ("total after-tax payments"), would be increased by the limitation or elimination of any payment under the Plan, amounts payable under the Plan shall be reduced to the extent, and only to the extent, necessary to maximize an Eligible Executive's total after-tax payments. All determinations to be made under this paragraph shall be made by a nationally recognized accounting or consulting firm selected by Sprouts immediately prior to the Change in Control, and shall be made at the sole expense of Sprouts.

Any reduction in payments required by Code Section 280G shall be applied based on the applicable payment date. Reductions shall be made in reverse chronological order such that the payment or benefit owed on the latest date following the occurrence of the event triggering the excise tax will be the first payment or benefit to be reduced (with reductions made pro-rata in the event payments or benefits are owed at the same time). In no event shall an Eligible Executive have any discretion with respect to the ordering of payment reductions.

OTHER COMPANY BENEFIT AND COMPENSATION PLANS

Equity. In the event of an Involuntary Termination or a Change in Control Termination, all outstanding equity awards will be governed by the terms of the applicable equity plans and award agreement(s).

Paid Time Off. An Eligible Executive shall receive payment in respect of any accrued but unused vacation and/or other paid time off which exists as of the Eligible Executive's termination date within 15 days following the Eligible Executive's termination date or such earlier date required by applicable law.

Other Benefits. Except as otherwise required by applicable law or as specifically provided by the terms of an Executive benefit plan, each Eligible Executive shall cease active participation in all Executive benefit and compensation plans and programs of Sprouts and its subsidiaries and affiliates as of the employment termination date, including all retirement, welfare, incentive, bonus and other similar plans, policies, programs and arrangements. For example, an Eligible Executive will not continue to be covered under Sprouts' life insurance and disability plans and will no longer be eligible to participate in Sprouts' 401(k) plan, even though the Eligible Executive may be receiving severance pay. Each Eligible Executive's rights under any such plans, policies, programs and arrangements shall be governed by the terms and conditions thereof.

ADMINISTRATION

Plan Administrator. Sprouts is the plan administrator ("the Plan Administrator") of the Plan. Sprouts has appointed its Human Resources Compensation Committee ("HRCC") to act on its behalf as Plan Administrator. The Plan Administrator has authority to control and manage the operation and administration of the Plan.

Powers and Duties. The Plan Administrator has the absolute authority in its sole discretion to construe and interpret the terms of the Plan (and any related or underlying documents or policies), and to determine and resolve all factual and other questions relating to eligibility to participate in the Plan, the right to and amount of any benefit payable under the Plan to any individual and the date on which any individual ceases to be an Eligible Executive. All such interpretations and determinations (including

factual determinations) of the Plan Administrator shall be final and binding upon all parties and persons affected thereby. CLAIMS

Claim. If an Eligible Executive, an Eligible Executive's surviving spouse, an Eligible Executive's estate or any other person believes that he or she is being denied a benefit to which he or she is entitled (hereinafter referred to as "Claimant"), the Claimant or his or her duly authorized representative may file a written request for that benefit with the Plan Administrator setting forth his or her claim. The request must be filed with the Plan Administrator within 365 days of the Eligible Executive's termination and addressed to:

Sprouts Human Resources Compensation Committee
Attn: Chief Human Resources Officer
SFM, LLC Severance Plan Administration

Phoenix, AZ 85054

Claim Decision. Upon receipt of a claim, the Plan Administrator will advise the Claimant that a reply will be forthcoming within a reasonable period of time, but not later than 90 days, and will, in fact, deliver such reply within such period. However, the Plan Administrator may extend the reply period for an additional 90 days under special circumstances. If the reply period is extended, the Plan Administrator shall advise the Claimant in writing during the initial 90-day period indicating the special circumstances requiring an extension and the date by which the Plan Administrator expects to render the benefit determination, and any other information needed to process the claim. If the claim is denied in whole or in part, the Plan Administrator will tender a written opinion, using language calculated to be understood by the Claimant, setting forth the following:

- (1) The specific reason or reasons for the denial;
- (2) The specific references to pertinent Plan provisions on which the denial is based;
- (3) A description of any additional material or information necessary for the Claimant to perfect the claim and an explanation as to why such material or such information is necessary;
- (4) Appropriate information as to the steps to be taken if the Claimant wishes to submit the claim for review, including a statement of the Claimant's right to submit the claim for arbitration in accordance with the Mutual Binding Arbitration Agreement signed by the parties following an adverse benefit determination on review; and
- (5) The time limits for requesting a review of the denial and for the actual review of the denial, as described below.

Request for Review. Sprouts shall appoint a review committee (the "Review Committee") to act on its behalf as Plan Administrator to hear any requests for review of denied claims. Within 60 days after the Claimant receives the written opinion denying his or her claim, the Claimant may file a written request for review with the Plan Administrator, at the following address:

Sprouts Farmers Market, Inc.
Attn: Review Committee for the Executive Severance and Change in Control Plan
5455 E. High Street, Suite 111
Phoenix, AZ 85054

If the Claimant does not request a review by the Review Committee within this 60-day period, he or she shall be barred and estopped from challenging the determination. The Claimant or his or her duly

authorized representative who submits a request for review may submit written comments, documents, records or other information relating to the denied claim, which information shall be considered in the review under this paragraph without regard to whether such information was submitted or considered in the initial benefit determination. The Claimant or his or her duly authorized representative shall be provided, upon request and free of charge, reasonable access to, and copies of, all documents, records and other information which: (i) was relied upon by the Plan Administrator in making its initial claims decision, (ii) was submitted, considered or generated in the course of the Plan Administrator making its initial claims decision, without regard to whether such instrument was actually relied upon by the Plan Administrator in making its decision, or (iii) demonstrates compliance by the Plan Administrator with its administrative processes and safeguards designed to ensure and to verify that benefit claims determinations are made in accordance with governing Plan documents and that, where appropriate, the Plan provisions have been applied consistently with respect to similarly situated claimants.

Review of Decision. Within a reasonable period of time, ordinarily not later than 60 days after the receipt of a request for review, the Review Committee will review the Plan Administrator's prior determination. If special circumstances require that the 60-day time period be extended, the Review Committee will notify the Claimant within the initial 60-day period, indicating the special circumstances requiring an extension and the date by which the Review Committee expects to render its decision on review, which shall be as soon as possible but not later than 120 days after receipt of the request for review. If the Review Committee makes an adverse benefit determination on review, the Review Committee will render a written opinion, using language calculated to be understood by the Claimant, setting forth the following:

- (1) The specific reason or reasons for the denial;
- (2) The specific references to pertinent Plan provisions upon which the denial is based;
- (3) A statement that the Claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records and other information which: (i) were relied upon by the Review Committee in making its decision, (ii) were submitted, considered or generated in the course of the Review Committee making its decision, without regard to whether such instrument was actually relied upon by the Review Committee in making its decision, or (iii) demonstrates compliance by the Review Committee with its administrative processes and safeguards designed to ensure and to verify that benefit claims determinations are made in accordance with governing Plan documents and that, where appropriate, the Plan provisions have been applied consistently with respect to similarly situated claimants; and
- (4) A statement of the Claimant's right to submit the claim for arbitration in accordance with the Mutual Binding Arbitration Agreement signed by the parties.

Plan Administrator's Authority. The Plan Administrator shall have sole and absolute discretionary authority to determine a Claimant's eligibility for severance or other benefits under the Plan and to interpret the terms of the Plan. Benefits under the Plan will be provided only if the Plan Administrator decides in its discretion that the Claimant is entitled to those benefits. The decision of the Plan Administrator shall be final and binding upon Sprouts and the Claimant.

GENERAL PROVISIONS

Amendment and Termination. Sprouts shall have the right to amend or terminate the Plan, in whole or in part, at any time in its sole discretion with or without notice. Provided, however: (1) any amendment or termination adopted after the occurrence of a Change in Control that negatively impacts an Eligible Executive's benefit amount or eligibility shall not become effective as to such Eligible Executive before the expiration of the Change in Control Period; and (2) any amendment or termination of the Plan after the end of the Change in Control Period may not negatively impact an Eligible Executive who experiences a Change in Control Termination prior to the effective date of such amendment or termination of the Plan.

Successors. This Plan shall inure to the benefit of and be binding upon Sprouts and any Successor. The Plan is personal to the Eligible Executive, and the Eligible Executive does not have the right to assign the Plan or any interest therein.

Not a Contract of Employment. The Plan does not create a contract of employment, give any Eligible Executive the right to continued employment, or change the at-will nature of any Eligible Executive's employment with Sprouts.

Effect on Other Benefits. Benefits under the Plan shall not be taken into account as current compensation under any retirement or other benefit plan, program, or arrangement sponsored or maintained by Sprouts or its subsidiaries or affiliates, unless such plan, program or arrangement expressly requires otherwise.

Unfunded Plan. Any payment made by Sprouts under the Plan shall be made from Sprouts' general assets. No person shall have or acquire any interest in any assets of Sprouts by virtue of the provisions of the Plan. Sprouts' obligation to pay severance benefits under the Plan shall be an unfunded and unsecured promise to pay money. In no event shall a person's rights to receive those payments be greater than those of any other unsecured creditor of Sprouts.

Offset. If an Eligible Executive has any debt, obligation or other liability owing to Sprouts or its subsidiaries or affiliates of any nature whatsoever at the time that a benefit becomes payable, Sprouts may offset the amount owed by the Eligible Executive against the amount of the severance benefit otherwise payable under the Plan, to the extent permitted by Section 409A of the Code and other applicable law.

Withholding of Taxes. Sprouts will withhold from any benefit payable under the Plan all federal, state, local or other taxes as may be deemed necessary or desirable to assure compliance with any law, governmental regulation or ruling.

Applicability. Benefits made available under the Plan are neither an accrued or vested entitlement nor in consideration for services rendered, and the payment of any severance benefit is conditioned upon an Eligible Executive's satisfaction of the requirements of the Plan.

Arbitration. All complaints, charges, claims, controversies, disputes, counts, or causes of action of any nature (collectively, "claims"), including fiduciary breach and other statutory claims under ERISA, as well as claims for benefits, are subject to mandatory arbitration as set forth the separate Mutual Binding Arbitration Agreement entered into between an Eligible Executive and Sprouts or any of its subsidiaries or affiliates. It is further understood that such agreement contains a waiver of class, collective, and representative action claims, and that neither party will assert, participate in, or join in any class, collective or representative action. Provided, however, the scope of the arbitrator's review of a denial of benefits claim shall be limited to the facts contained in the administrative record.

Liability. Except to the extent otherwise required by applicable law, (1) no member of the HRCC or the Review Committee, and no officer, director or employee of Sprouts or its subsidiaries or affiliates shall be liable for any action or inaction with respect to his or her functions under the Plan; and (2) no member of the HRCC or the Review Committee shall be personally liable merely by virtue of any instrument executed by him or her or on his or her behalf as a member of the HRCC or the Review Committee.

Indemnification. Sprouts shall indemnify, to the full extent permitted by law and the applicable Certificate of Incorporation and By-laws (but only to the extent not covered by insurance) its officers and directors (and any Executive involved in carrying out the functions of Sprouts under the Plan) and each member of the HRCC and the Review Committee against any expenses, including amounts paid in settlement of a liability, which are reasonably incurred in connection with any legal action to which such person is a party by reason of his or her duties or responsibilities with respect to the Plan, except to the extent prohibited by law or to the extent such actions or inactions shall be adjudged as gross negligence, willful misconduct or fraud in the performance of his or her duties.

Governing Law. The Plan shall be construed, governed and administered in accordance with the laws of the State of Arizona, without regard to its conflict of law principles, to the extent such laws are not preempted by ERISA.

Severability. If any provision of the Plan is held invalid or unenforceable, such invalidity or unenforceability shall not affect any other provision hereof, and such provision shall, to the extent possible, be modified in such manner as to be valid and enforceable but so as to most nearly retain the intent of Sprouts. If such modification is not possible, the Plan shall be construed and enforced as if such provision had not been included in the Plan.

Notices. Any notice required or permitted to be given under the provisions of the Plan shall be in writing. If a notice is mailed to an Eligible Executive, it shall be sent by United States first class mail, postage prepaid, addressed to the recipient's last known address as shown on Sprouts' records. The date of mailing shall be deemed the date of notice.

[Receive Information About Your Plan and Benefits](#)

Examine, without charge, at the Plan Administrator's office and at other specified locations, such as worksites, all documents governing the Plan and a copy of the latest annual report (Form 5500 Series) filed by the Plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Executive Benefits Security Administration.

Obtain, upon written request to the Plan Administrator, copies of documents governing the operation of the Plan and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The Plan Administrator may make a reasonable charge for the copies.

Receive a summary of the Plan's annual financial report. The Plan Administrator is required by law to furnish each participant with a copy of this summary annual report.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for Plan participants, ERISA imposes duties upon the people who are responsible for the operation of the Plan. The people who operate the Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of all Plan participants and beneficiaries. No one, including Sprouts or any other person, may fire any participant or otherwise discriminate against any participant in any way to prevent him or her from obtaining benefits or exercising his or her rights under ERISA.

Enforce Your Rights

If a participant's claim for benefits is denied or ignored, in whole or in part, the participant has a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps a participant can take to enforce the above rights. For instance, if a participant requests a copy of Plan documents or the latest annual report from the Plan and does not receive them within 30 days, he or she may submit the claim to arbitration in accordance with the Mutual Binding Arbitration Agreement signed by the parties. In such a case, the arbitrator may require the Plan Administrator to provide the materials and pay the participant up to \$110 a day until he or she receives the materials, unless the materials were not sent because of reasons beyond the control of the Plan Administrator. If a participant has a claim for benefits which is denied or ignored, in whole or in part, he or she may submit the claim to arbitration in accordance with the Mutual Binding Arbitration Agreement signed by the parties. If it should happen that Plan fiduciaries misuse the Plan's money, or if a participant is discriminated against for asserting his or her rights, he or she may seek assistance from the U.S. Department of Labor, or he or she may submit the claim to arbitration in accordance with the Mutual Binding Arbitration Agreement signed by the parties. The arbitrator will decide who should pay costs and legal fees. If the participant is successful, the arbitrator may order the person the participant has sued to pay these costs and fees. If the participant loses, the arbitrator may order him or her to pay these costs and fees, for example, if it finds that the participant's claim is frivolous.

Assistance with Your Questions

Any participant who has questions about the Plan should contact the Plan Administrator. Any participant who has any questions about this statement or about his or her rights under ERISA, or needs assistance in obtaining documents from the Plan Administrator, should contact the nearest Area Office of the Executive Benefits Security Administration, U.S. Department of Labor, listed in the telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington, D.C. 20210.
